

TMHA membership dues are some of the most reasonable dues you will find for a quality trucking trade association, such as TMHA, that provides two meetings per year with top-notch presenters at each meeting, premium meeting locations, and additional enjoyable activities at meeting events. Coupled with the fact that TMHA meeting registration fees rarely exceed \$100, which includes meals provided during the meeting event, membership in TMHA is affordable for companies of any size.

A new member's first dues payment covers their first twelve month's membership, regardless of the time of year the company becomes a member. After twelve months have elapsed, renewal is based on a pro-rated amount of annual dues to take the member to the end of the second calendar year. At the beginning of the third calendar year of membership, the member is put on the regular, annual calendar renewal schedule.

### **Membership Dues Schedule**

**Motor Carrier Members** pay on the basis of their number of Power Units as reported to the FMCSA, according to the following schedule.

Annual Motor Carrier Dues:

1 – 75 Power Units = \$1,320

76 – 400 Power Units = \$2,310

More than 400 Power Units = \$3,300

**Allied Members** (non-motor carrier firms that provide products and services to the motor carrier industry) pay \$1,320 per year.
